**28th PAASE
Annual Meeting
May 22-24, 2008**

Theme:
‘Research as an enterprise’

The PAASE conference is the premiere gathering of Philippine-American scientists, academics and engineers. It is aimed at enhancing science and technology to directly benefit the people of the Philippines. This year's emphasis is on the entrepreneurial aspects of research. Submissions are encouraged, but not limited to, the areas of Agriculture and Environment Sciences, Atmospheric and Marine Sciences, Economics and Global Commerce, Chemistry and Biotechnology, Engineering and Energy, Information Science and Technology, Medicine and Biomedical Sciences, Physical and Mathematical Sciences, Science Education and Outreach. Abstracts will be evaluated on technical content, and accepted abstracts will be scheduled either as poster or oral presentations.

All-electronic submission (300 word abstract limit) required, visit
http://www.paase.org/PAASE08_conference

Deadline: March 1, 2008
